\$PROGA: Empowering Progressives Through Decentralized Finance

Abstract

In an era where democratic values face unprecedented challenges, \$PROGA emerges as a pioneering cryptocurrency dedicated to supporting progressive causes across the United States. By leveraging blockchain technology, \$PROGA provides financial backing to organizations and initiatives that champion equality, democracy, and social justice. This white paper outlines \$PROGA's mission, tokenomics, and strategic vision to empower individuals and communities committed to progressive change.

Introduction

The United States is at a critical juncture in its democratic journey. The rise of divisive ideologies and authoritarian tendencies threatens the foundational principles of liberty and equality. In response, \$PROGA has been conceived as a financial instrument to bolster progressive movements dedicated to preserving and advancing democratic ideals.

Mission Statement

\$PROGA was founded by true patriots committed to upholding the values enshrined in the U.S. Constitution. Its mission includes:

- **Defending Democracy:** Actively opposing authoritarianism and divisive ideologies that undermine democratic institutions.
- **Promoting Equality:** Supporting initiatives that strive for social, economic, and racial justice.
- **Fostering Community:** Empowering grassroots organizations to ensure inclusive and humane treatment for all individuals.

Through strategic alliances and the economics of \$PROGA, the token amplifies progressive voices and counterbalances misinformation spread by right-wing media backed by self-serving billionaires.

Tokenomics

- **Token Name:** PROGA
- **Ticker:** \$PROGA
- **Blockchain:** Ethereum (ERC-20)
- **Total Supply:** 1,000,000,000 tokens
- **Transaction Tax:** 5% buy / 5% sell tax allocated to the following:
 - **0.5%:** Liquidity Pool Growth
 - **0.5%:** Founder LP Holder Incentive Distributions (Base ETHEREUM)
 - **0.5%:** Token Holder Incentive Distributions (USDC Reflections)
 - **0.75%:** Third Party Developer Compensation (Base ETHEREUM)
 - **0.75%:** Operational wallets for the \$PROGA consortium
 - **2.0%:** Progressive causes, influencers, and media outlets

Incentive Programs

1. **Token Holder Incentive Program:** Rewards holders through USDC reflections proportional to their holdings.
2. **Founder LP Holder Incentive Program:** Designed to reward early liquidity pool participants with Base Ethereum disbursements, capped at a 10X return.

Both programs are designed to foster long-term community growth and ensure robust market capitalization for \$PROGA.

Allocation of Funds

The funds accumulated in the tax wallet will be distributed as follows:

- **Progressive Organizations:** Support for non-profits and advocacy groups aligned with \$PROGA's mission. The Southern Poverty Law Center and the ACLU are two such organizations we wish to support.
- **Activists and Campaigns:** Funding movements and individuals promoting progressive policies.
- **Community Initiatives:** Addressing issues such as elder care, hunger, healthcare, and homelessness.

Strategic Vision

\$PROGA envisions a decentralized financial ecosystem where:

- **Empowerment:** Individuals contribute to progressive causes through token transactions.
- **Transparency:** Blockchain ensures open and verifiable fund allocation.
- **Community Engagement:** Supporters collaborate to drive social change.

Financial Goals

\$PROGA aims to generate substantial daily trading volumes to fund progressive causes:

- **\$1 million daily trading volume:** Provides \$20,000 daily (\$7.3 million annually) to participating wallet holders.
- **\$10 million daily trading volume:** Provides \$200,000 daily (\$73 million annually) to participating wallet holders.

Conclusion

Since 2016, divisive ideologies have infiltrated American life, promoting lies and fear to erode democracy. \$PROGA stands as a counterbalance, empowering progressive voices through decentralized finance. By supporting \$PROGA, individuals actively contribute to a movement that amplifies inclusivity, equality, and democratic values.

The time is now. The mission is clear. \$PROGA is the future.
